

## **Eligibility Criteria for August Craft Month 2023**

**By submitting your application you confirm that you meet the standards listed in our eligibility and criteria description below:**

- Makers are professional or semi-professional crafts people living or working in Ireland
- Makers are working in one of the recognised craft disciplines listed on the accepted disciplines doc
- All craft must be made or designed by you in the EU
- Demonstrate an in-depth knowledge of the material with which they are working
- Show high levels of skill in the techniques used

**In addition, makers will have achieved at least one of the following:**

- Be a registered client of the Design & Crafts Council Ireland, or
- Have been practicing professionally for at least three years, or
- Have trained as an apprentice in their craft discipline, or
- Hold a degree or equivalent qualification in a relevant area.

If your event spans multiple disciplines that are not represented in our recognised craft disciplines (listed in accompanying document), detail the names of the makers taking part and their events in your application. Please note, to be included in August Craft Month, Craft needs to be significantly represented.
